TEAM

NO LOCK-IN
CONTRACTS

PLAIN TALK.
QUICK ACTION.

FOCUS ON
WHAT MATTERS

Your business partner, but without the partnership.

Practical support behind the scenes,
without giving up control of your
business.

- ✓ Operations & Admin Support
- ✓ Systems & Software Setup
- ✓ Finance & Job-Cost Support
- ✓ Documentation & Compliance
- ✓ Business Visibility & Dashboards
- ✓ Setup, Branding & Growth Support

ABOUT US

WHO WE ARE

We work with sole traders, small teams and growing trade businesses, carpenters, builders, electricians, plumbers and other trades.

We're not a virtual assistant or an app. We're a real team who understand the software, compliance and cash flow challenges you face every month.

No two businesses are the same, so we tailor our support to fit where you're at, and adapt as you grow.

THE FIVE QUESTIONS

Every trade should be able to answer these about their business.

- 01 What jobs are currently in progress?
- 02 Which quotes still need follow up?
- 03 Which invoices remain unpaid?
- 04 How much profit is each job actually making?
- 05 What should the team be working on next?

If you can't answer these quickly and clearly, your systems are costing you.

WHO WE HELP

Your Trade Carpenters, builders, electricians, plumbers and other licensed trades.

Your Size From one-person operations up to small teams of around 10 workers or subbies.

Your Stage New or established. We help you set up, catch up or step up.

Your Revenue Many clients turnover between \$300K and \$2M p.a. (guide only).

Your software Already using, or happy to use, ServiceM8, Tradify, Fergus, Xero, MYOB, or similar.

THE RESULT WE HELP YOU GET

We help you build a business that runs without everything living in your head.

Your Time Back

More time on the tools and with family.

Steadier Cash Flow

Less money left on the table.

Clear Picture

Know where you stand at any moment.

Confidence to Grow

Because your foundation is solid.

HOW WE HELP

Take on everything, or just the parts you need.

Operations & Business Support

Jobs, follow-ups, inbox, quotes, labour, time & cost tracking, supplier & subbie coordination, and lining up next steps.

Systems & Software Setup

We set up and optimise ServiceM8, Fergus, Tradify, Xero, MYOB etc. with workflows, templates and automations that suit the way you work.

Finance & Job-Cost Support

Invoicing, chasing, payments, quoting & pricing, job-cost tracking, cash flow reporting, bank reconciliation, payroll & BAS prep, and knowing which jobs make you money.

Documentation & Record Keeping

Procedures, scope of works, client agreements, onboarding packs, compliance docs, templates, reports and tidy records.

Client Dashboards & Visibility

See what's on, what's waiting, what's done and what we're working on, all in one simple dashboard.

Business Setup & Growth Support

Logos & brand files, business documents & proposals, and support finding, hiring & onboarding workers where it counts.

The Next Step

Start with a two-week trial. You get proper support at a set price, with no strings once the trial is done. It's the easiest way to see what real trade admin support feels like before you commit to anything longer.

Once owners try it, about 9 in 10 stay on.

**START YOUR
2-WEEK TRIAL**

No lock-in. No commitment.
Just real support that works.
